This is Pete and Kathryn. Pete is 7- years old and Kathryn is three.

Pete's and Kathryn's Mommy is going to have a baby. They are so excited about being a big brother and big sister.

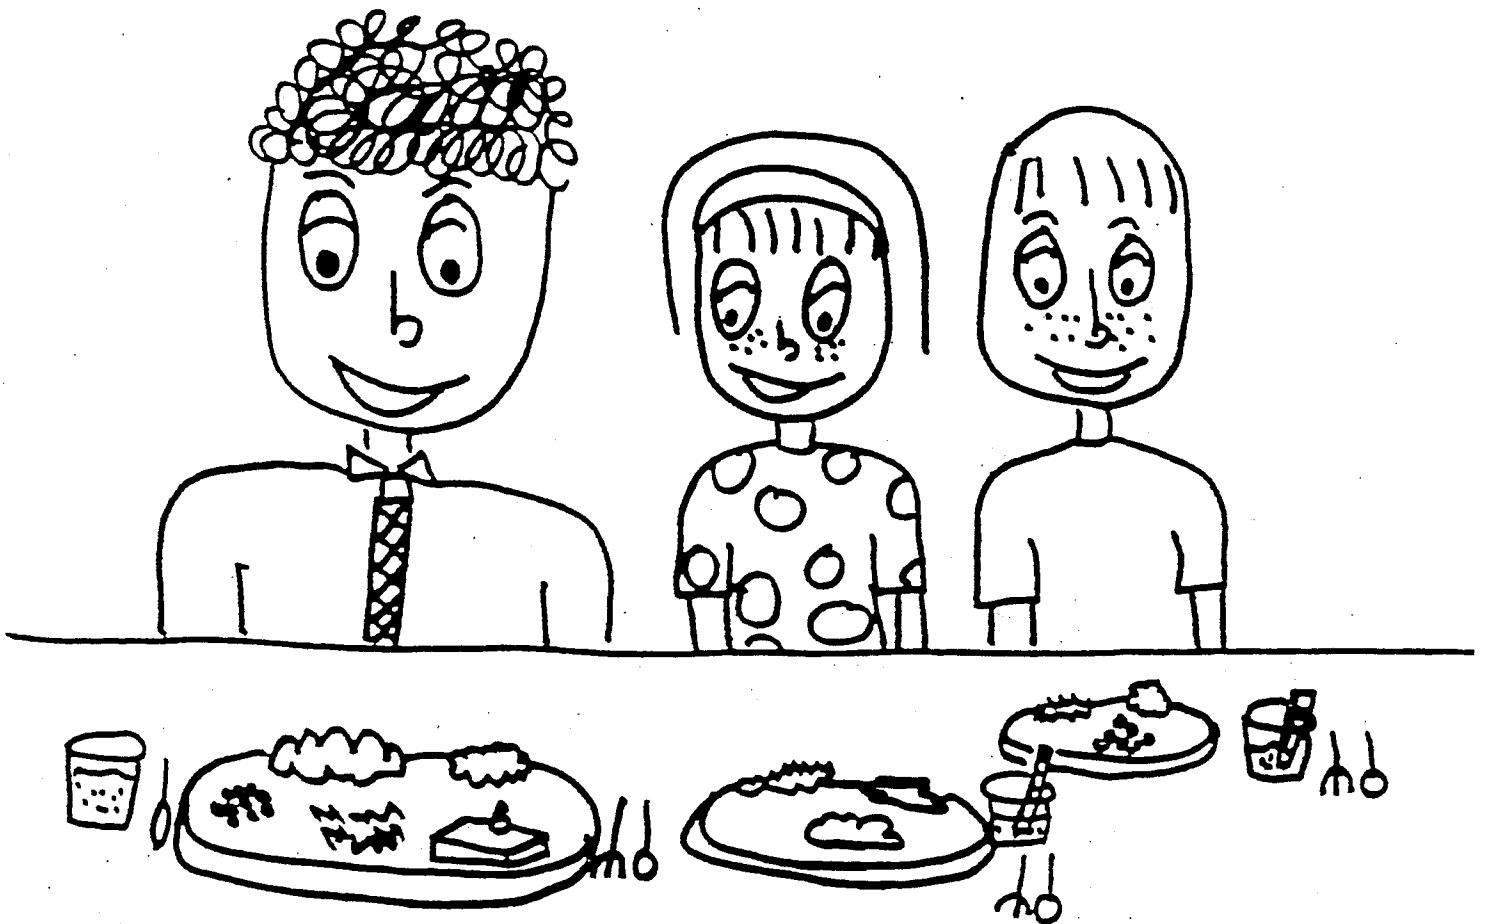

One day Mommy goes to see her doctor. Mommy will have to stay in the hospital until the baby is born.

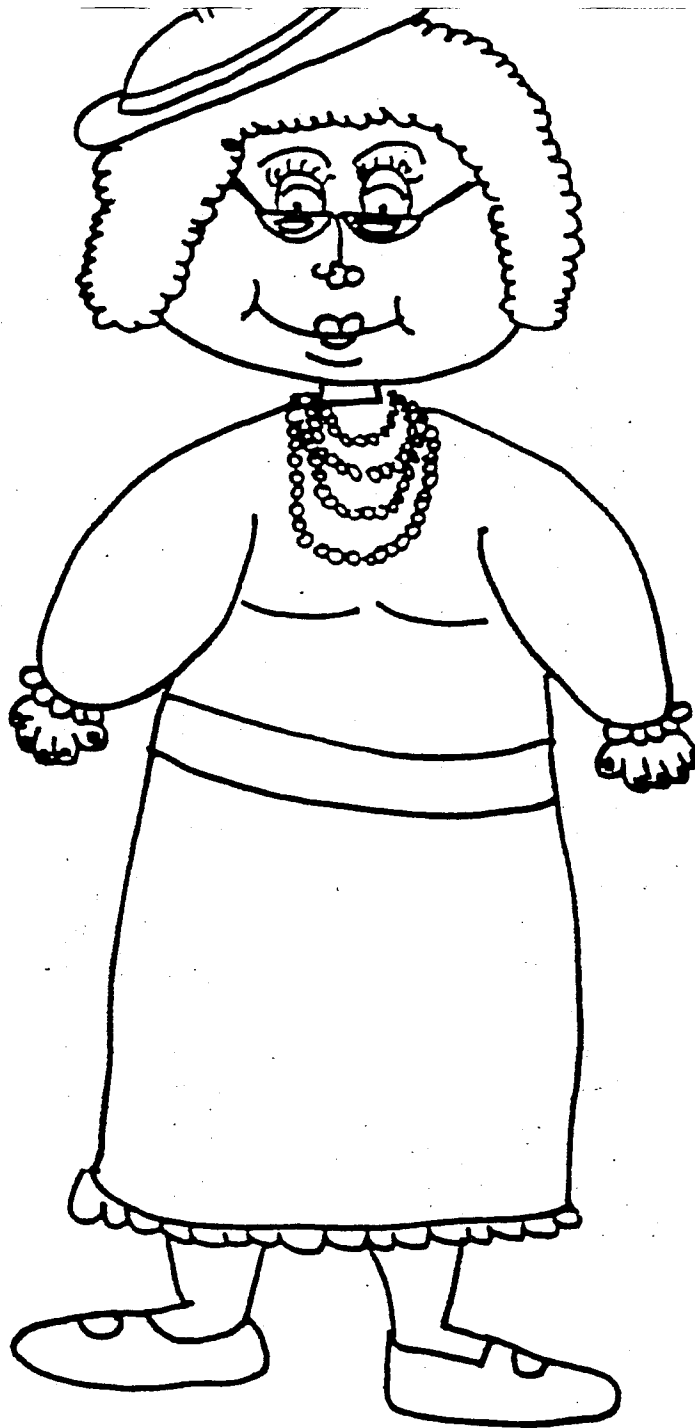

Pete is worried about his Mommy and the baby. Daddy and Mommy tell Pete that she and the baby will be safe at the hospital. The nurses and doctor will take good care of them.

Mommy says she will miss Pete and Kathryn. She will talk with them every day on the phone. Daddy will bring Pete and Kathryn to the hospital to visit Mommy.

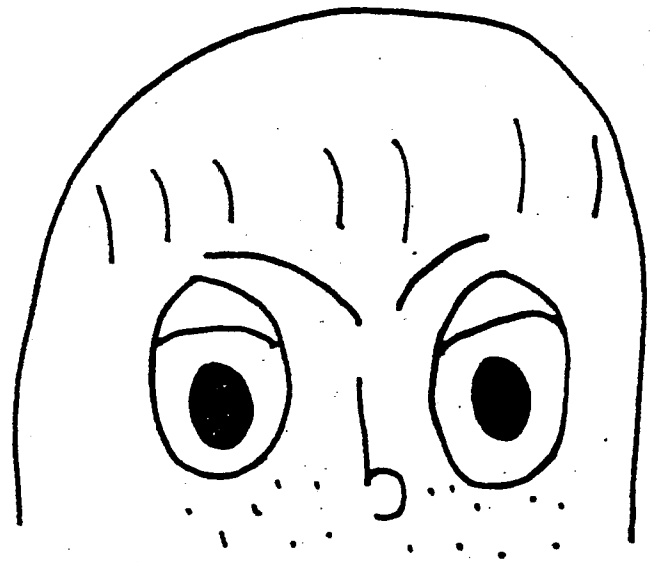

Daddy stays home from work to take care of Kathryn and Pete. They eat out every night and stay up late. They like it when Daddy takes care of them.

Aunt Nellie comes from out of town to take care of them. When Aunt Nellie comes, things change. Daddy goes back to work. Aunt Nellie cleans the house and cooks good meals.

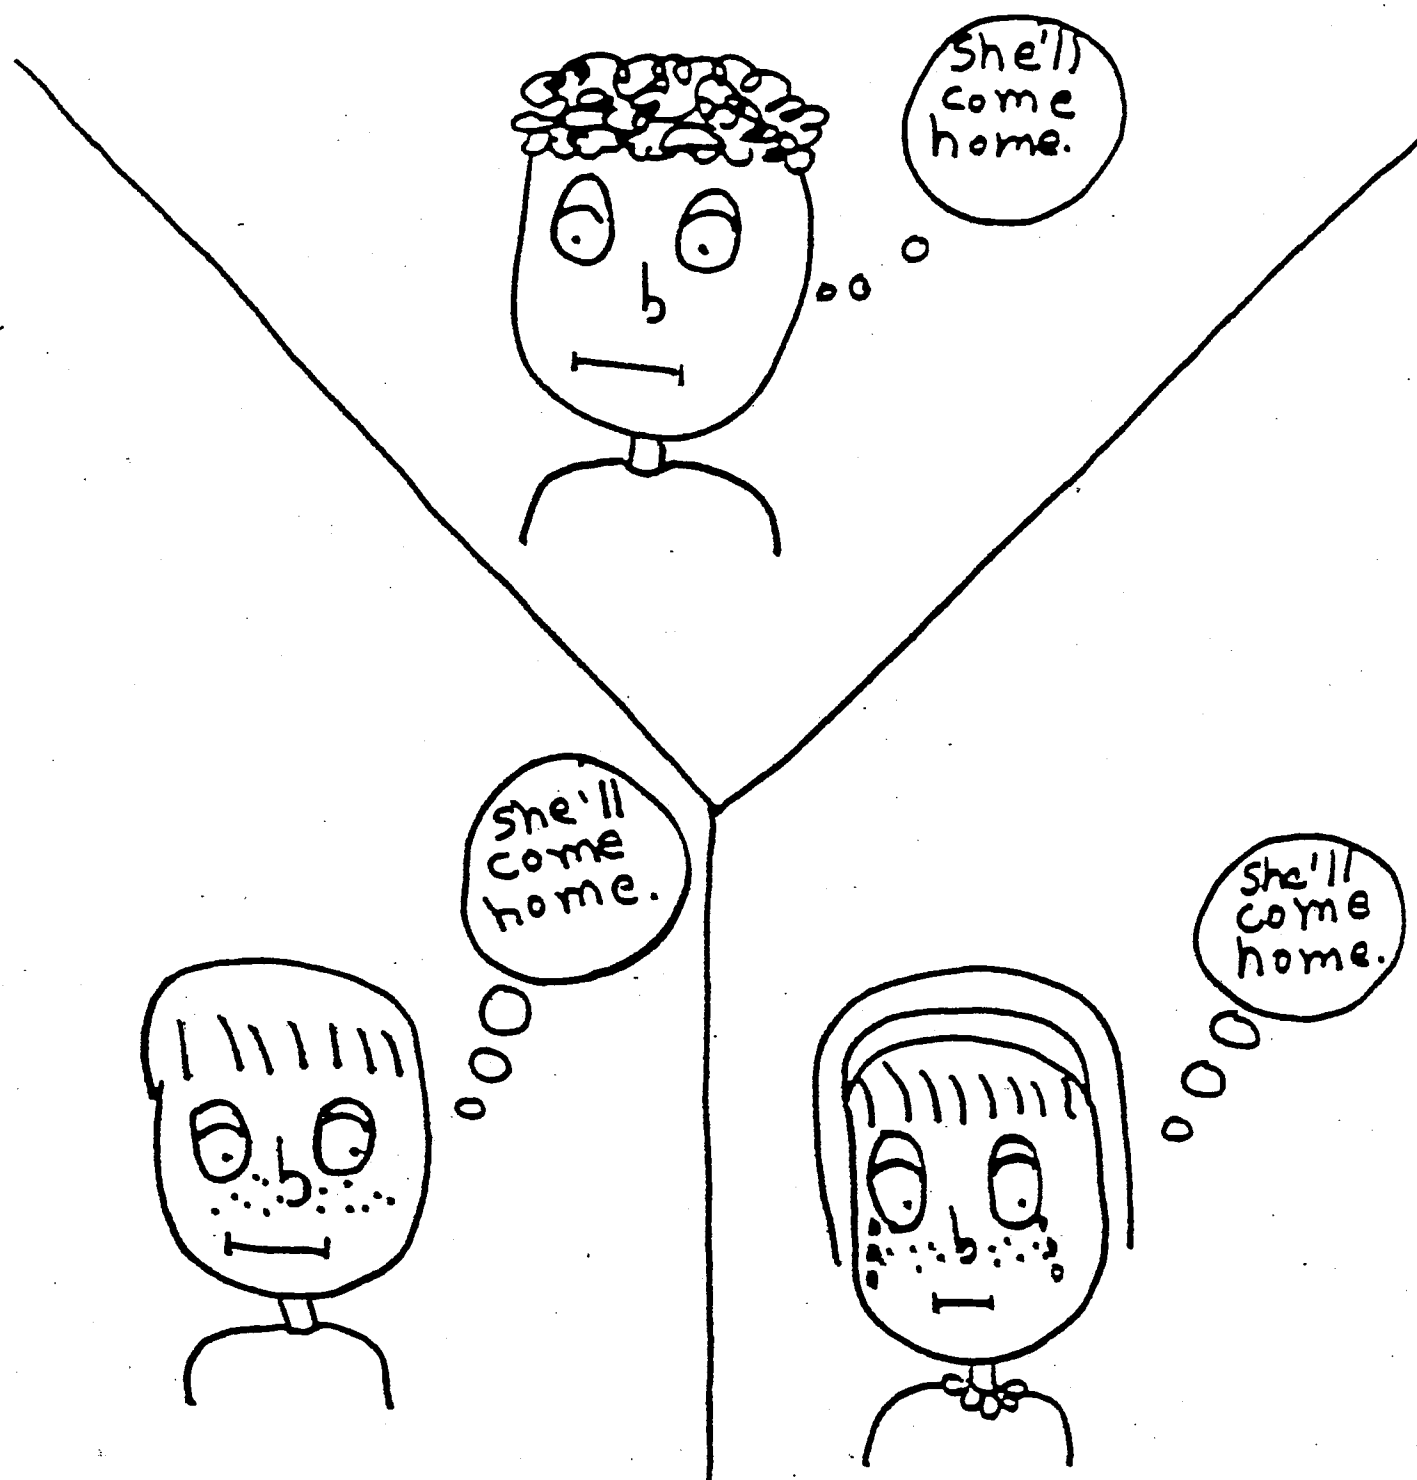

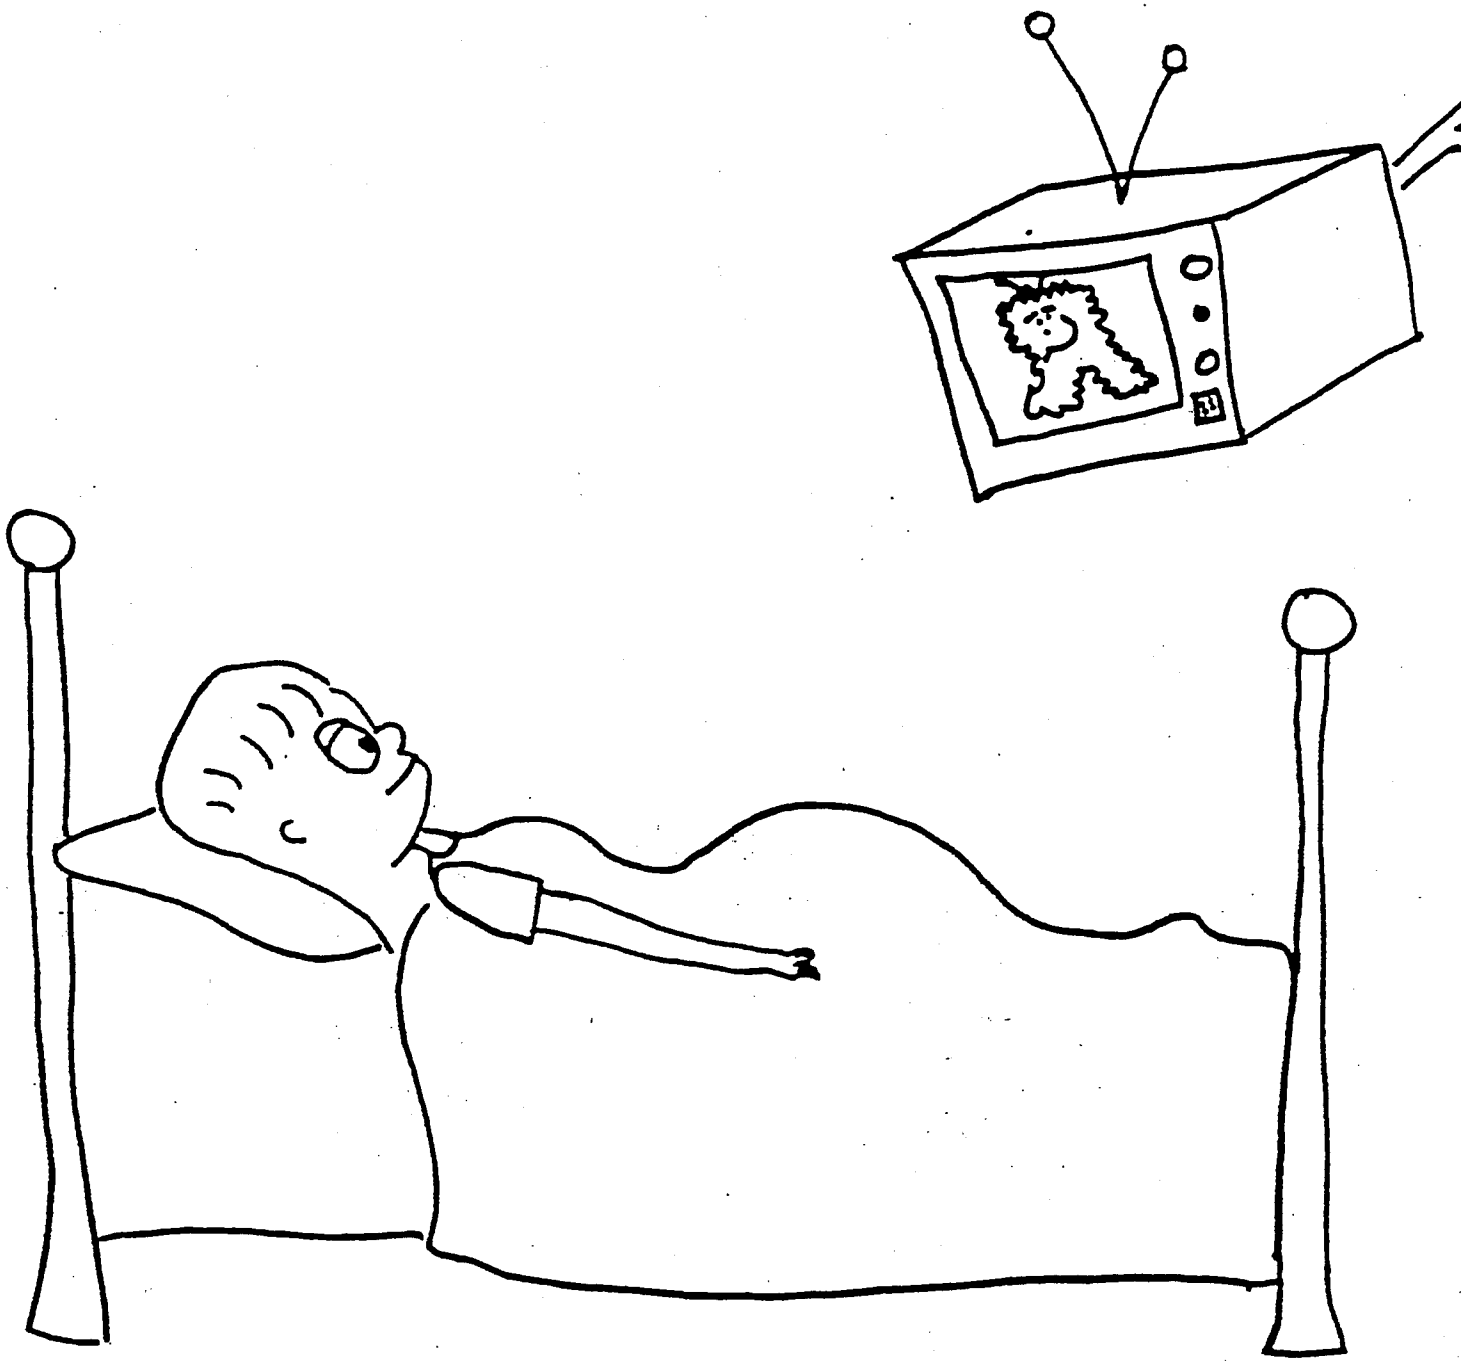

She makes Pete clean up his room and go to bed on time every night. He does not like having Aunt Nellie take care of him. He feels like being rude to Aunt Nellie, but he is good, because he knows his Mommy would like that. He misses his Mommy.

Kathryn likes Aunt Nellie. Aunt Nellie calls her a "Sweet Little Girl," bakes her cookies and rocks her. Kathryn says to Aunt Nellie, "My Mommy is in the hospital, and I am sad."

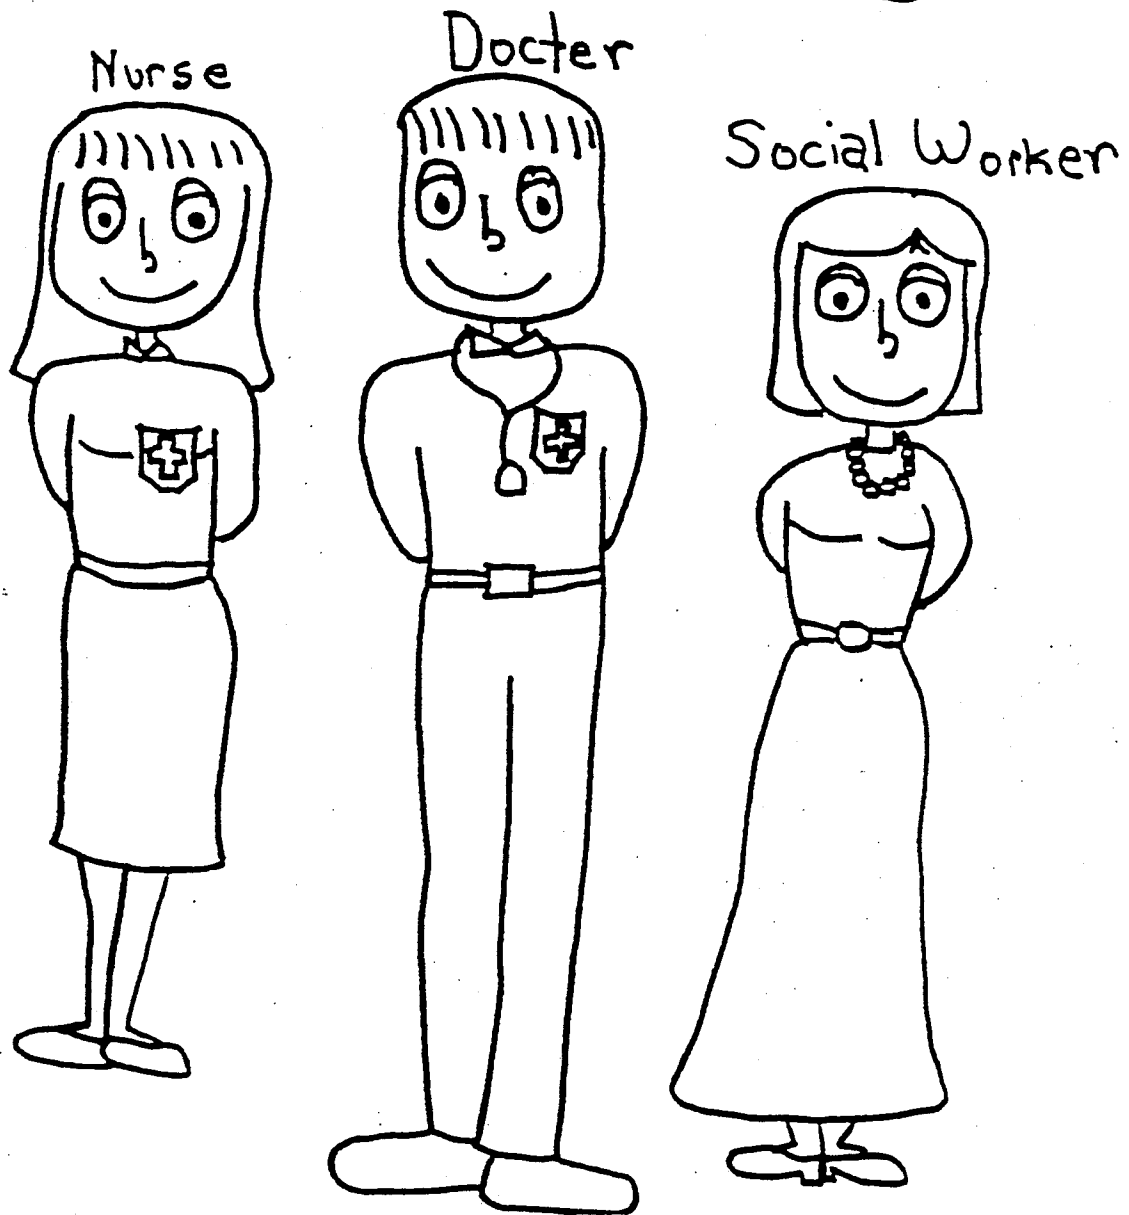

Life without Mommy is lonely. But Daddy, Pete and Kathryn know that Mommy will come home after the baby is born.

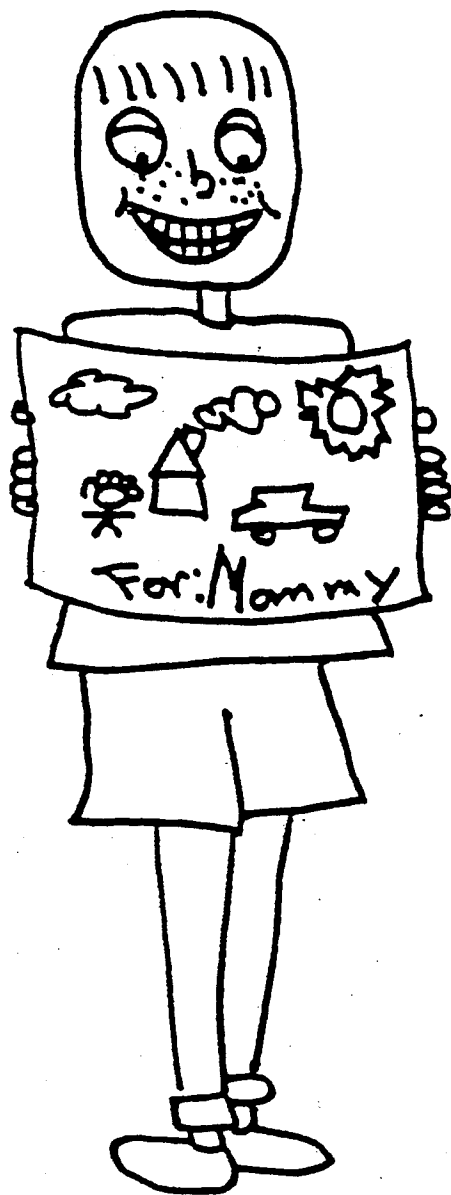

Mommy is lonely, too. She misses taking care of Pete and Kathryn. But she knows she has to stay in the hospital to take care of the baby in her tummy.

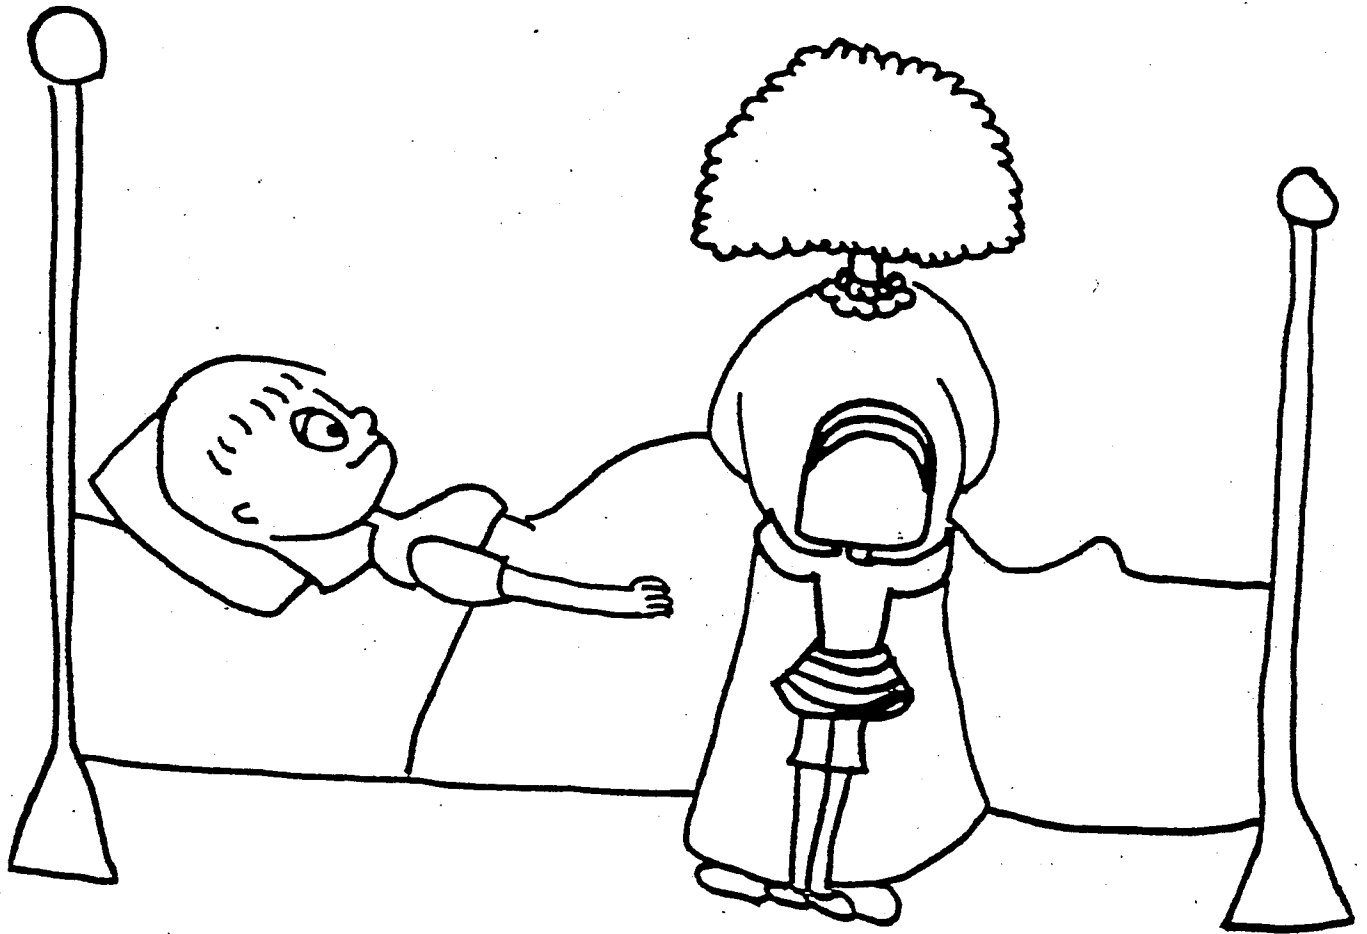

These People will  
help Mommy.

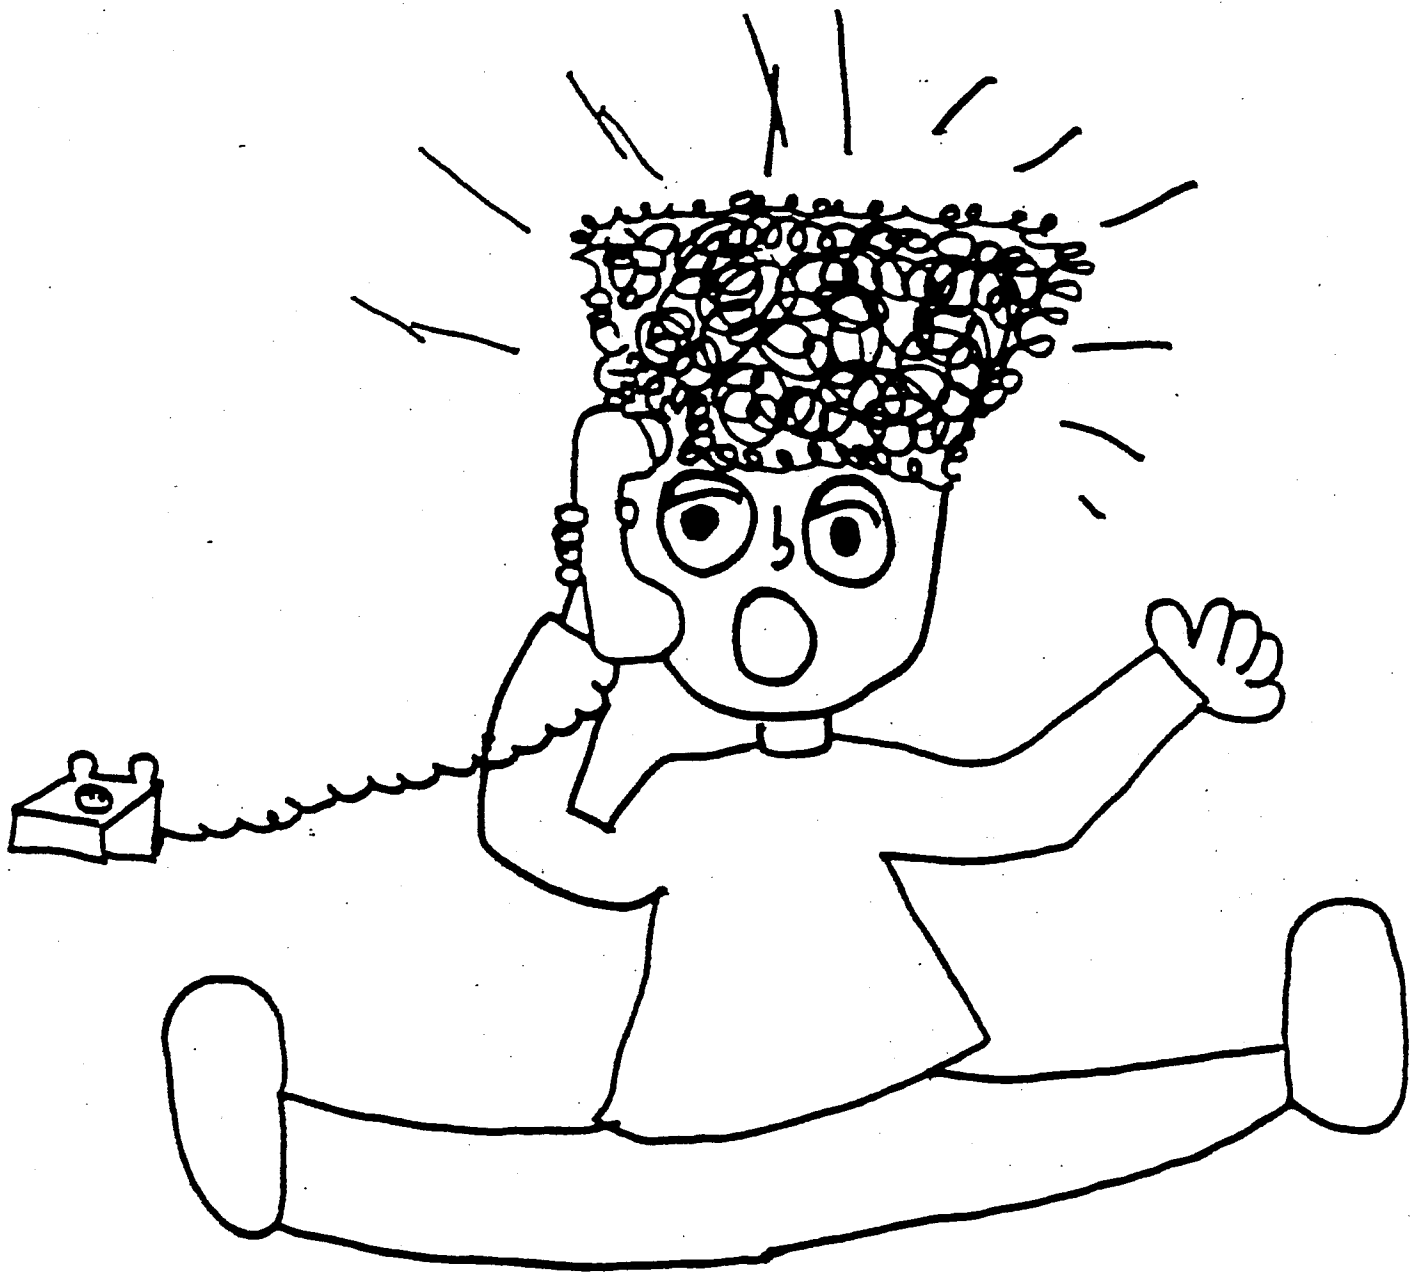

The nurses, doctors and social worker will help keep  
Mommy from being lonely.

Daddy takes Aunt Nellie, Pete and Kathryn to see Mommy at the Hospital. Pete gives Mommy a picture he made. He is very glad to see his Mommy.

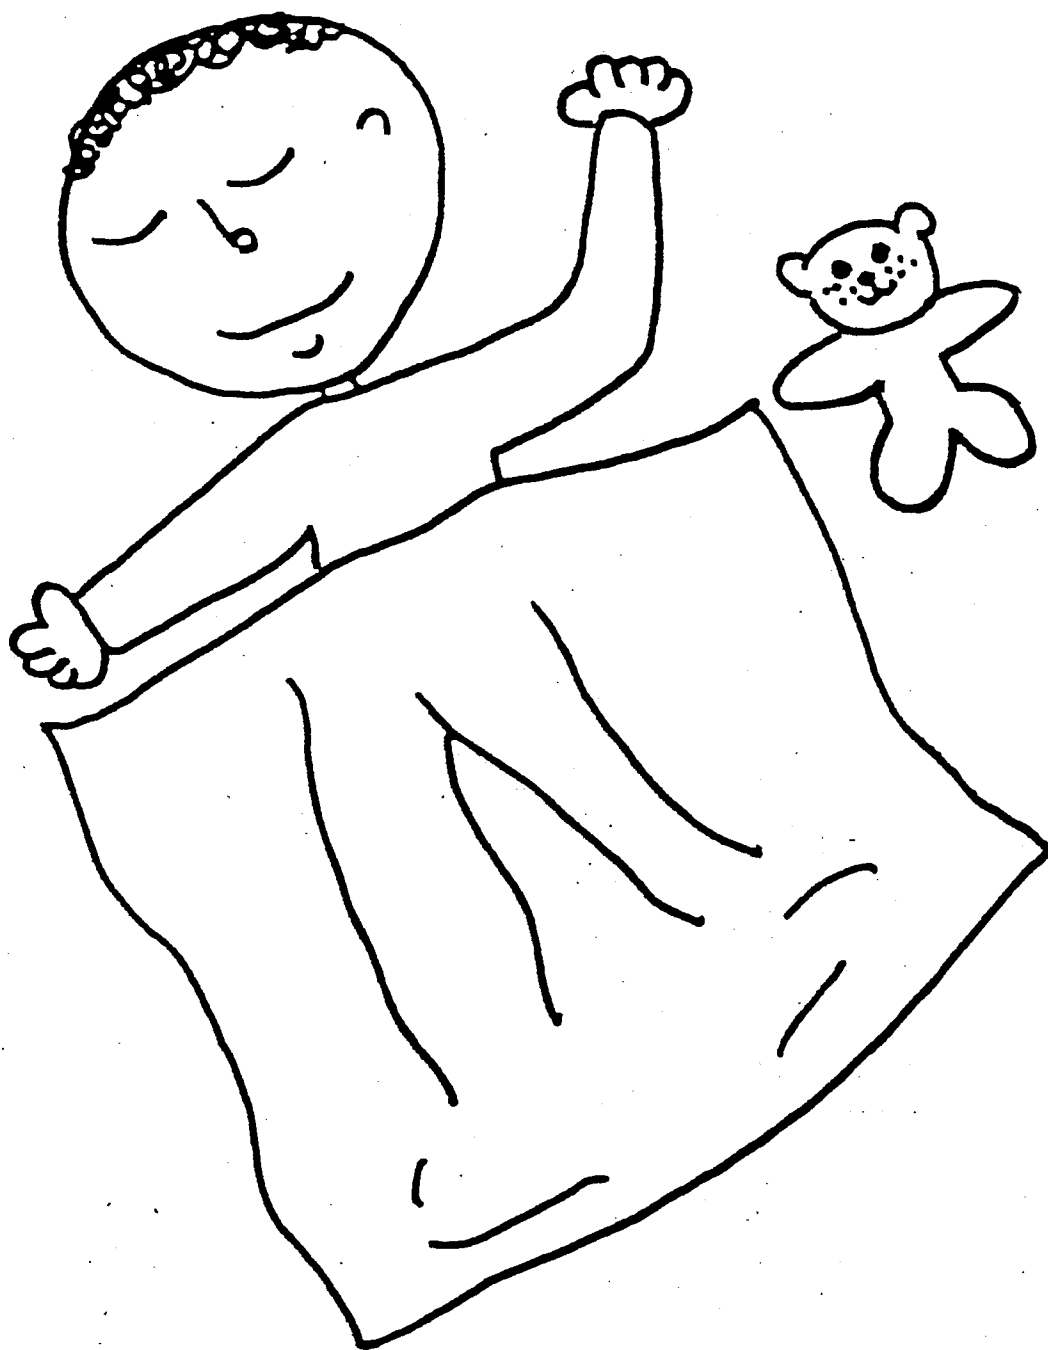

Kathryn misses Mommy and is mad at her for being gone. Kathryn will not talk to Mommy and hugs Aunt Nellie tightly. Mommy understands.

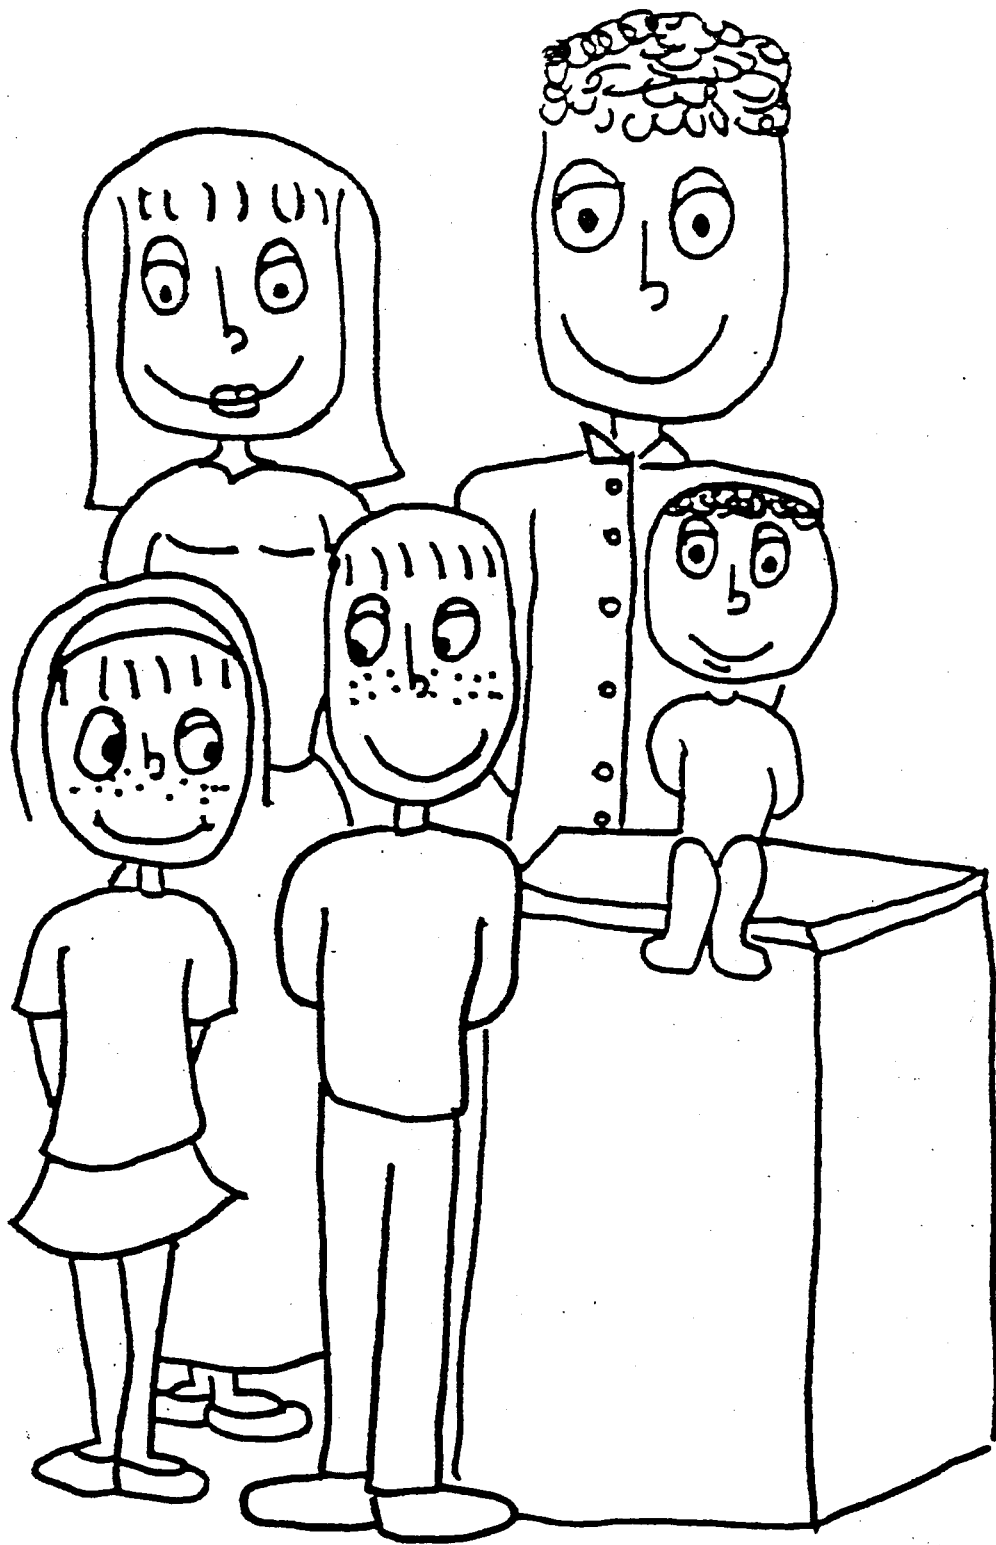

One day Daddy gets a call from the hospital. Mommy is ready to have the baby. Daddy goes to the hospital. Pete, Kathryn and Aunt Nellie stay at home while Daddy helps Mommy have the baby.

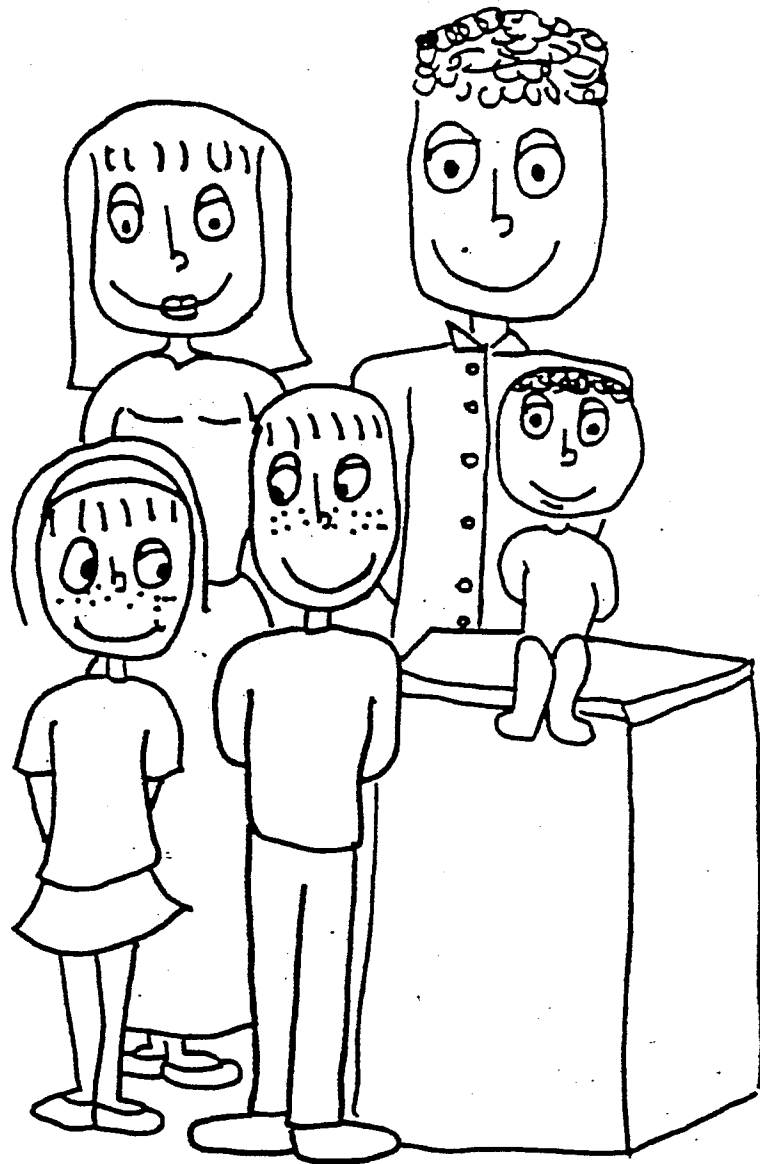

The baby is little and cute. Everybody is so happy.  
Mommy has a party in her room for the whole family.

Very soon Mommy, Daddy, Pete, Kathryn and the new baby all go home together.
